Parent First Aid Workshop

CHPS School Council would like to invite you to join us for an evening of learning at our Parent First Aid Workshop! This 2 hour workshop will introduce some basic first aid techniques all parents should know (CPR, choking, wound care, fractures, etc) with an opportunity to put this new learning to use in a practical, hands-on way!.

There is no cost to participate and parents will walk away from the evening with practical new skills and hopefully a better connection with their school parent community!

Child care will be available on-site thanks to our student leadership team and light refreshments will also be available.

The workshop will take place **Thursday April 25th 2024** from **6-8pm** with doors opening at 5:45pm. SignUp using SchoolCashOnline so we know how many parents to anticipate and indicate if you will need childcare and for how many children.

Parking Lot Rules at CHPS

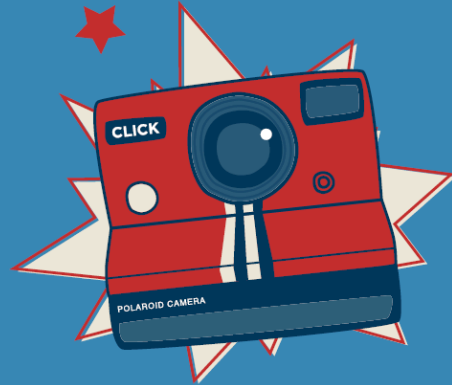

During morning drop off (**9:00 a.m. – 9:15 a.m.**), for students who are being dropped off in the kiss and ride area, we are asking drivers to please **drive slowly** and **wait patiently** until a spot along the sidewalk becomes available for a safe drop off. When possible, move as far up along the sidewalk as space allows. If at all possible, students should exit the vehicle from the **LEFT** hand side, closest to the gate entrance. ***Cars should not be left unattended or idling, nor should they be parked in the middle of the kiss and ride to drop off students.*** If you would prefer to wait and watch your child enter the building, please park your car in the lot and walk them to the gate. ***Please do not park in the kiss and ride lanes.***

Our parking lot exit will be closed from 3:20 p.m. until 3:45 p.m. During this 25 minute time period, cars will be unable to leave the parking lot. This is to reduce traffic and to help ensure the safety of nearly 700 students being dismissed at the end of the school day. ***Please do not pull into or park in the lot if you need to leave before 3:45 pm.*** By parking on a nearby side street, and walking students to and from that spot you may actually save time by avoiding congested traffic areas.
